

Seed Titan 2™

Fast Seed Loading with a Drop and Go System

It's one-step loading system and torsion suspension allows you to stay on the move during planting season. The box self centers as you load and the lock downs secure the box for transport. No need to slide and damage boxes. With Friesen's patent pending *drop and go system*, you'll be loaded and on your way faster.

Seed Titan™2 – Trailer included T7000
